The language departments – English, Arabic, Tamil, Kannada, Urdu, Hindi, Malayalam and Telugu – added a special charm through engaging dramas, role-plays and cultural presentations, giving students an opportunity to demonstrate their linguistic skills and confidence. Science experiments, the Dark Room, computer-based displays, the Art Gallery, the Mega Chemistry Project and colourful presentations by the Kindergarten and primary sections further enriched the exhibition. Medical camps also highlighted the importance of health and well-being.

The judges visited their respective assigned classes and meticulously evaluated the exhibits, appreciating the students' creativity, conceptual understanding, presentation skills and practical application of ideas. Their dedicated efforts and professional insights were highly appreciated.
