

INTERNATIONAL INDIAN SCHOOL BURAIDAH TEACHERS TRAINING PROGRAM-2026

A teachers' training program on sports and physical education was conducted by Ms. Ajeena Manaf Sports and PE Teacher on 19th September 2026 in IISB to enhance teachers' knowledge, skills, and techniques in organizing sports activities effectively in school.

The training focused on the importance of physical education in students' overall development, including physical fitness, mental well-being, teamwork, discipline, leadership, and sportsmanship. Teachers were introduced to various indoor and outdoor games, basic sports rules, warm-up exercises, and methods of conducting sports competitions.

Teachers played KHO-KHO and passing the ball under the guidance of Ms. Ajeena Manaf and won medals.

A teacher training programme on Artificial Intelligence (AI) was conducted by Ms. Nusaiba and Ms. Shahana Computer Science teachers on 21st September 2026 in IISB to enhance teachers' knowledge and skills in using modern technology in the teaching-learning process.

The training focused on the importance of AI in education and its role in making classroom teaching more effective, interactive, and engaging. Teachers were introduced to various AI tools that can assist in lesson planning, worksheet preparation, question paper creation, quiz development, presentations, and preparation of teaching-learning materials.

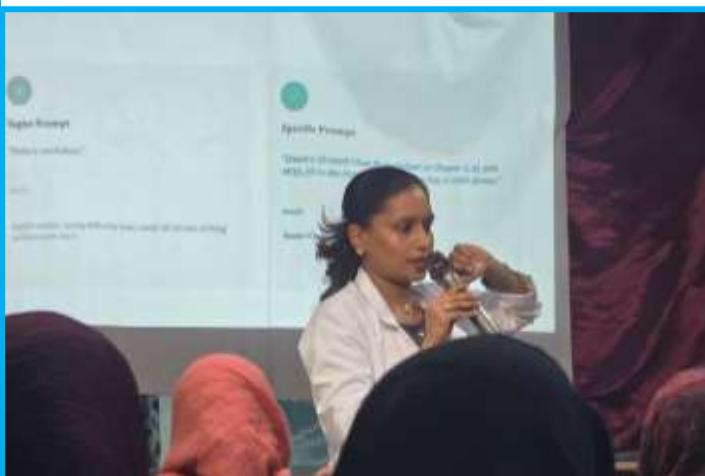

The sports training program was a valuable learning experience for all participating teachers. It strengthened their confidence and ability to conduct sports activities effectively and promote physical fitness, teamwork, discipline, and a spirit of healthy competition among students.

The AI training program was informative and beneficial for all participating teachers. It enhanced their awareness of emerging educational technologies and motivated them to use AI tools effectively, responsibly, and creatively to improve the quality of teaching and learning.

All Thanks to Ms.Ajeena Manaf ,Ms.Nusaiba and Ms.Shahana for such a wonderful session.
